The Council will consider all objections to the Finalised Midlothian Local Plan. Unresolved objections will be considered by a Scottish Executive Reporter, if necessary, at an informal Hearing or a Public Local Inquiry. Current advice is that, where an objector wishes to give spoken evidence, the procedure should be in the form of a Hearing. Where an objector selects the written submission option, the objection is given the same status as those considered at Hearing/Inquiry. If no preference is selected, the written submission option will be assumed.
